

Schedule of Fees

TAFE SA Higher Education

Semester 1, 2021

This Schedule lists the fees for all TAFE SA higher education courses and units of study.

This Schedule is for domestic students. If you are an international student, please visit [TAFE SA International](#).

To view start, end and census dates for your course please refer to the [Census Date Calculator](#).

For further information please contact TAFE SA Information on 1800 882 661 or at info@tafesa.edu.au or visit the [TAFE SA website](#).

Associate Degree in Biomedical Engineering	6
Associate Degree in Electrical Engineering	7
Associate Degree in Civil and Structural Engineering (Design Drafting)	8
Associate Degree in Civil and Structural Engineering (Site Management)	9
Bachelor of Tourism, Hospitality and Events Management	10
Associate Degree in Primary Health and Wellbeing	12

Please note:

This Schedule is updated regularly. If you print it from the TAFE SA website you may not be referring to the latest version.

Glossary

EFTSL

Equivalent full-time student load (EFTSL) is a measure of study load. 1.0 EFTSL = full-time study for one student for one year.

Each higher education unit of study is assigned an EFTSL value.

Credit points

Each higher education course has a total number of credit points needed to complete the award.

Most units of study are worth 4.5 credit points. If you achieve a pass grade in all of your units of study over one year of full-time study, you will receive 36 credit points.

Study mode

Blended

You will learn in a mixture of classroom and online environments. On campus learning will be scheduled but online learning can provide more flexibility. Lecturer support will be provided for all study. Access to a computer with an internet connection is required.

On campus

You will learn in a classroom environment that gives you the opportunity to interact with your lecturer and fellow students in person.

Online

You will learn at your own pace, in your own space. Lecturer support will be provided via email and interaction with fellow students may be available via forums and chat groups. Online courses require access to a computer with an internet connection.

Student contribution amount

In 2021, a limited number of Commonwealth Supported Places (CSPs) will be available for eligible domestic students in the following courses:

Undergraduate Certificate in Industry 4.0 (Digital Technologies)
Undergraduate Certificate in Drafting for Building and Construction

Students enrolled in a CSP will pay a student contribution amount of \$2,500 for each of these courses. Students must complete the course by December 2021 to be eligible for the discounted fee. Students who study beyond this date will be required to pay the full course fee.

To be eligible for a CSP you must be one of the following:

- > An Australian citizen, who will live and study in Australia for some of the course
- > A New Zealand citizen, who will live and study in Australia for the whole course
- > A [permanent visa holder](#), who will live and study in Australia for the whole course.

More information about the eligibility requirements for CSPs can be found on the [Study Assist website](#).

Eligible domestic students enrolled in a CSP may be able to access a HECS-HELP loan from the Australian Government to help pay all or part of their student contribution amount.

To be eligible for a HECS-HELP loan, you must:

- > Be enrolled in a CSP
- > Be one of the following:
 - o An Australian citizen and study at least part of your course in Australia
 - o A New Zealand Special Category Visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements
- > Be enrolled in your units of study by the census date.

More information about HECS-HELP is available on the [TAFE SA website](#) or by visiting [Study Assist](#).

Full fee

Domestic students who are not enrolled in a CSP will pay the full fee for each unit of study.

Eligible domestic students paying the full course fee may be able to access a FEE-HELP loan from the Australian Government to help pay all or part of their tuition fees.

To be eligible for a FEE-HELP loan, you must:

- > Be one of the following:
 - o An Australian citizen and study at least part of your course in Australia
 - o A New Zealand Special Category Visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements
- > Be enrolled in your units of study by the census date.

More information about FEE-HELP can be found on the [TAFE SA website](#) or by visiting [Study Assist](#).

Undergraduate Certificate in Industry 4.0 (Digital Technologies)

National code: CRS1400902
TAFE SA code: AC00116
Campus / Location: Regency Campus
Duration: 6 months full time or part-time equivalent
Total credit points: 18
Maximum course fee: Commonwealth supported place - \$2,500 Full fee - \$10,625
Commonwealth supported places: Yes
